Construction On Track For Three Nundah Village

The final stage of Circa Nundah Village will be completed by October.

The \$270 million Circa Nundah Village is on track to be completed by October this year, with construction on the third and final stage already more than half way along.

Apartment building THREE Nundah Village is the final building in the Circa Nundah Village masterplan, developed over the past seven years in the heart of Nundah by award-winning urban renewal specialist Property Solutions.

Designed to complement the existing shops along Sandgate Road and surrounding areas, Circa Nundah Village aims to expand the village-like atmosphere that was created when the bypass moved traffic away from the shopping strip.

Locals are already enjoying Circa Nundah's revamped supermarket and retail space, with a mix of retailers attracted by the development, as well as the many flow-on benefits from a new commercial office building and three residential buildings already completed.

Once completed, the final apartment building THREE Nundah Village will add 120 spacious one and two-bedroom apartments to the award winning Circa Nundah Village development, offering stylish inner-city living for residents and a real sense of style and sophistication to Nundah.

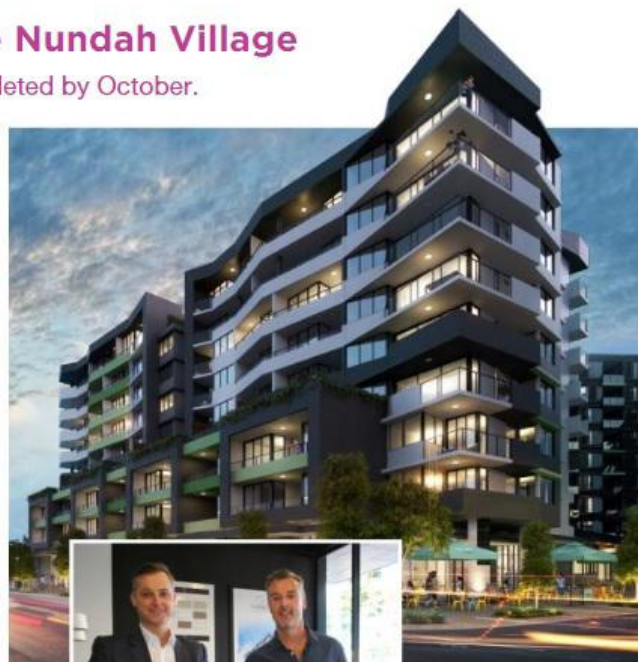

Construction company Tomkins is on track to deliver THREE Nundah Village by October, weather permitting. The company has forged a reputation for delivering landmark projects of the highest quality within development schedules and THREE Nundah will be no exception.

Property Solutions Joint Managing Director David Blanck said he was happy to see construction on the final stage of the Circa Nundah Village progressing on schedule.

"Now that we are completing our final stage, we are seeing that our development really contributes to the village atmosphere here in Nundah," he said.

"What we've create here is affordable, quality apartments with a sense of community and place in a prime location within a major growth suburb."

Sales for THREE Nundah Village have been strong with only 30 apartments remaining for sale.
