Nearly-completed extension of Brisbane's Circa Nundah Village already filling up

By Jill Donaldson

MARCH 08, 2019

THREE Nundah Village is the final stage of the facility's redevelopment and was designed by urban renewal specialists Property Solutions.

The new nine-storey, 120-apartment building will be just eight kilometres from the Brisbane CBD.

The one and two-bedroom apartments start at \$381,000 and \$482,800 respectively, with nearly 70 percent already sold due to high demand for village-style living near the city.

THREE Nundah Village will also feature a recreational area, viewing deck, swimming pool and BBQ facilities to create a 'village charm' with the modern conveniences of a central location and design.

Nundah Village Marketing Manager and TOTAL Property Group Managing Director, Adrian Parsons, said Nundah's close proximity to Brisbane's airport and CBD were major drawcards for buyers.

"Apartment buyers are prioritising convenience and easy access to work and amenities, and their wish lists include shopping and dining precincts within walking distance," he said.

"THREE Nundah Village is the ultimate in urban living, and absolutely ideal for working professionals, first-time buyers, property investors and downsizers."
