Bloom on Wesley apartment project launched in Brisbane

Raise Projects is set to launch a new six-storey apartment building called Bloom on Wesley to the Brisbane property market.

The goal is to offer buyers oversized apartments with elevated city views.

Positioned in Brisbane's city-fringe suburb of Lutwyche, Bloom on Wesley incorporates 36 two-bedroom plus study, three-bedroom plus study and three-bedroom plus multi-purpose room apartments across six levels with resort-style amenities featuring a rooftop infinity pool, gymnasium, BBQ and recreational area.

It is located at 17-21 Wesley Street in the heart of Lutwyche, 5.4 kilometres from Brisbane's CBD and minutes away from the Airport Link motorway.

The apartments have up to 159 square metres of space in a variety of floor plans.

Bloom on Wesley Marketing Manager and TOTAL Property Group Managing Director Adrian Parsons said the city-fringe suburb of Lutwyche was fast becoming a lifestyle destination of choice for home buyers looking for property in Brisbane.

Prices start from \$495,000 for two-bedroom apartments and from \$645,000 for three-bedroom apartments.
